Clean LNG Traders' Forum

30th November / 14.00-18.00

Join us for the first annual hybrid forum dedicated to bringing together the environmental products and LNG traders driving decarbonisation of global gas through efficient markets.

SESSIONS

1 /

2 /

3 /

Ambition Trade Cleaner

What is 'carbon neutral' LNG?

What should companies do to protect themselves from greenwashing claims?

How do voluntary carbon offsets work?

Who should and who is paying for carbon offsets?

Getting Measurement, Verification & Reporting right

Implications of COP26 and a changing regulatory landscape

Implementation How to Scale Clean LNG

The issues with carbon neutral LNG trades done to date - what can be done better?

How do we scale the carbon neutral LNG without hampering market liquidity?

Are industry baselines attainable?

Would the carbon neutral trades done to date hold up to the standards being worked on for the future?

GHG certification – something else to trade?

Acceleration Reach Net Zero Faster

Roundtables: Join your colleagues to discuss the key issues around trading carbon neutral LNG over a drink. Topics to include:

What is the emerging industry consensus on offsets?

Who should and who is paying for the transition to low carbon gas?

How do we avoid destroying liquidity and margins in LNG trading?

What technology is emerging for tracking and trading carbon neutral products?

Become a Co-Host of the Clean LNG Traders' Forum

Demand for cleaner LNG is growing rapidly, with the carbon footprint of LNG cargoes set to become an important differentiator for buyers and sellers alike. Position yourself amongst your peers in a crucial area.

As a Co-Host Sponsor you will get:

Opportunity to take part in a panel discussion/deliver a presentation/host a roundtable during the Clean LNG Traders' Forum

Company positioned as Clean LNG Traders' Forum Co-Host

Company logo to feature on all Clean LNG Traders' Forum material

One page company advert on Summit App

A 60 word company description on Summit App

Two complimentary delegate places to attend Clean LNG Traders' Forum and all networking functions during the World LNG Summit & Awards (including speaker)

15% discount on additional delegate registration fees for the World LNG Summit & Awards

Discounted rate for sponsorship of the World LNG Summit & Awards

Investment Level: €15,000

Complimentary Membership to the Clean LNG Traders' Network

Your sponsorship includes membership to a select group committed to decarbonisation through collaboration. The group will meet quarterly to exchange ideas on how to drive the net zero agenda and gas & LNG's role within that. Each session will be chaired by Emstream, with special guest speakers at select events.

Emstream is a member of the 'Taskforce for Scaling Voluntary Carbon Markets' and a tech-enabled physical LNG and Voluntary Carbon Offsets broker.
