

# CLEAN LNG TRADERS' FORUM

Rome Cavalieri Waldorf Astoria Hotel, Rome, Italy

TUESDAY 30 NOVEMBER 2021 | 14:00-18:00

Co-Hosted By

In Collaboration With

14:00

## Chair's Opening Remarks

### 14:05 Welcome Address

**Melissa Lindsay**  
Founder  
Emstream

### 14:10 Session 1

#### Ambition: Trade Cleaner

- What is 'carbon neutral' LNG?
- What should companies do to protect themselves from greenwashing claims?
- How do voluntary carbon offsets work?
- Who should and who is paying for carbon offsets?
- Getting Measurement, Verification & Reporting right
- Implications of COP26 and a changing regulatory landscape

**Mehdi Chennoufi**  
Head of LNG  
Origination  
& Market  
Development, Shell  
LNG Marketing &  
Trading

**Vincent Demoury**  
Secretary General  
GIIGNL

### 15:00 Session 2

#### Implementation: How To Scale Clean LNG

- Carbon neutral LNG trades done to date - what can be done better?
- How do we scale the carbon neutral market without hampering market liquidity?
- Are industry baselines attainable?
- Would the carbon neutral trades done to date hold up to the standards being worked on for the future?
- GHG certification - something else to trade?

**Paul Maley**  
Head of LNG Supply  
& Origination  
RWE Supply &  
Trading

**Andrew Howard**  
Senior Director,  
Climate Finance and  
Markets  
VERRA

**Garth Edwards**  
LNG Trading  
Manager  
Aramco Trading

**Melissa Lindsay**  
Founder  
Emstream

### 16:00 Session 3

#### Acceleration: Reaching Net Zero Faster

*Roundtable Discussions: Join your colleagues to discuss the key issues around trading carbon neutral LNG over a drink.*

Topics to include:

1. What is the emerging industry consensus on offsets?
2. Who should and who is paying for the transition to low carbon gas?
3. How do we avoid destroying liquidity and margins in LNG trading?
4. What technology is emerging for tracking and trading carbon neutral products?

**Rogier Beaumont**  
Head, Global LNG Portfolio  
Management & Origination and  
Environmental Solutions  
Pavilion Energy

18:00 - 20:00

## Pre-Registration & Welcome Drinks

Hosted By

*Open to attendees of the Clean LNG Traders' Forum  
and the World LNG Summit & Awards*

*"LNG traders know decarbonisation will require constant innovation and the use of high quality carbon offsets but the market is complex and fragmented. Dialogue, collaboration and technology will be key to ensuring a sustained place for LNG in a low carbon economy. We thank the World LNG Summit for providing the ideal forum to drive change and make a positive contribution to the world's climate targets."*

**Melissa Lindsay**  
Founder & CEO Emstream & Emsurge  
Member, Taskforce for Scaling Voluntary Carbon Market
